- Next meeting

Protocol

Status report

Ivar: Some work on planning report

Dennis: Planning report, written on background and also done some research on WebGL

Simon: Continued writing on purpose on planning report, somewhat uncertain of the extent

Jonathan: Some work on Gantt and planning report

Johan: Has done some work on defining and extended planning report

Planning report

Gantt through picture most likely, no need to use library.

All issues should be resolved on the google docs document by today, workshop after meeting today.

Background/Problem picture, somewhat uncertain on what to write on this currently but we should be able to get a text together.

Deadline, friday as always.

Rebook tutoroccasion

We need to rebook the booked meeting with our tutor because there was no other group. We have taken the 16 february 11:30 - 12:30.

Prasad meeting

We primarily would want feedback on the planning report, bring a PDF to the meeting tomorrow. Ivar has a schedule collision and might have issues with being at the meeting, he will make his utmost to be at the meeting.

Waffle

Seems nice

Upcoming events

Meeting Prasad 09:00 tuesday

Teambuilding 17:00 wednesday.

Coming week

Workshop 10.00 - 12.00 9/2 tuesday 5207 from 11
